ABOUT TECHORIGINATOR

Techoriginator is a well blooming IT company in Mumbai since 2016, we have executed & delivered substantial projects which awarded us with trust of our customers and word to mouth business opportunities. Techoriginator measures its success with its potential to deliver outstanding projects on time at the right competitive value for its customers. Our forte is in delivering best cost to product ratio available in the market. A company is only as strong as the strength of its foundation. Techoriginator has been built on the strong foundation of Mr. Rakesh Yadav & Mr. Rochack Vasudevan who are very well renowned names in freelancing world backed by hundreds national and international projects under their profile, together we create a sound team who understand the deliverables and execution of what our customers envisage.

Our Values

CUSTOMER FIRST

COMMITMENT
DRIVEN

INNOVATION

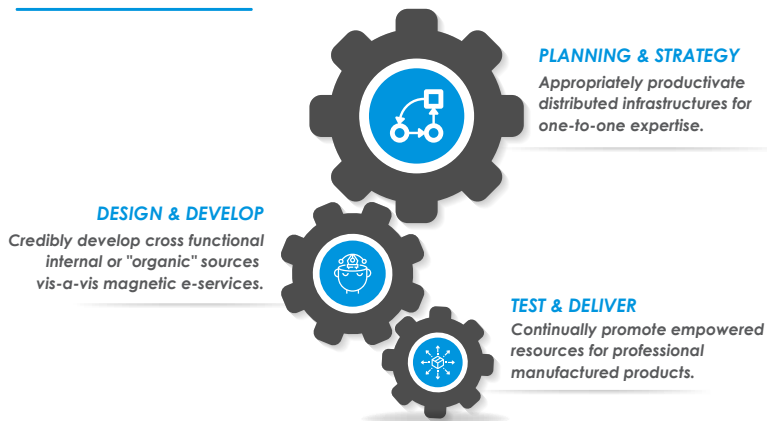

BEST COST TO
PRODUCT RATION

THE RIGHT PARTNER

Based on our previous projects experiences Techoriginator team has developed a very stringent process to evaluate the customer's requirement, our ready reckoner FAQs, Project Checklist, Feedback forms are some of our gadgets which helps us to precise the envisioning of the paradigm of overall project.

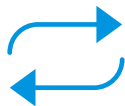

Our Working Process

WEBSITE DESIGN AND DEVELOPMENT

Website Design

We offers world class interactive website design services to give your business a significant boost and help you forge ahead in a highly competitive world. Our expert designers use diverse open source as well as closed source technologies to create agile, responsive, feature rich, interactive websites that become a platform for interaction with customers, buyers and between staff, helping you boost efficiencies and increase productivity as well as enhance your image.

Website Development

We can develop a website using various technologies be it core ASP.NET or PHP to frameworks such as MVC, codeignitor etc and even CMS's such Wordpress, Magento etc. We believe in developing websites from scratch rather than finding and copy pasting templates to save time and money and compromise on brand indentity. We provide 59 days free support after website development. We belive in 100% satisfaction of client.

GRAPHIC DESIGN

Graphic Design

We provide creative solutions. Using the Photoshop, Illustrator, Corel Draw & After effect. We can design websites, logos, icons, banners, posters, flyers, brochures, facebook posts & product design. We also have experts for magazine design, image correction & manipulation.

We Provide
